

THIS RIDER IS PART OF THE CONTRACT BETWEEN THE PROMOTER AND THE AGENT.

TRAVEL & HOTEL

If the promoter is booking them, flights should be booked with Air France or affiliated Skyteam companies (Delta, KLM, Aeromexico etc.). NO low cost companies unless it is the only solution to get somewhere and has been approved by Joakim.

Flight itineraries should be checked with the artist for approval. Frequent Flyer Number should be used when the tickets are booked with Skyteam companies: Air France Flying Blue # 1040533361.

Hotel should be **** minimum: One double room with large bed, non smoking, complimentary wi-fi internet connection and late check out.

All ground transportation should be arranged and paid by the promoter.

DJ TECHNICAL RIDER

Joakim uses USB memory sticks (flash drives). He will need:

- 3 Pioneer CDJ2000 CD players (NO OTHER MODEL). The 3 CDJ2000s should be linked and have firmware 4 installed at least.
- 1 mixer: A rotary is preferred (Urei, Rane but no MP20xx with isolators, E&S...) or Pioneer or Allen & Heath.
- At least one loud monitor on the right side, with booth monitor control on the mixer. Better with a stereo pair of monitors.
- The DJ booth table should be high enough (1 meter / 3.3 feet min)

SPECIAL ROTARY MIXER + FX SET UP

If Joakim brings his own E&S rotary mixer (dimensions: 280mm x 210mm x 70mm), there need to be a space in between the CD players to put the mixer or a laptop stand where he can install the rotary mixer. Ideally it should be plugged directly onto the sound system when possible, but when there's absolutely no other solution, it may be plugged into the club's mixer on one available stereo channel.

CDJs' audio cables should be easily accessible to plug CD players onto the rotary mixer.

There need to be 2 accessible power outlets for the mixer and FXs.

HOSPITALITY

- Snacks: fresh seasonal organic fruits, salt chips, assorted organic nuts, organic granola bars
- 4 bottles of still mineral water
- 1 bottles of premium quality Vodka (Zubrowska, Belvedere...) or one bottle of Single malt Scotch Whisky (Talisker, Oban, Lagavullin etc..)
- 4 local beers
- fresh fruit juices
- 1 pack of light blond cigarettes (like Marlboro light)
