

Honey Soundsystem

TECHNICAL

- Two (2) functioning "monitor" speakers in DJ booth, each controllable from mixer
- Pioneer DJM 900 mixer (or higher in series) OR Allen & Heath Xone 92 (or higher in series)
- Two (2) Pioneer CDJ-2000s with USB port (working and connected)
- Two (2) 1200MK2 (or higher in series) Technic Turntables **WITH professional needles and mats provided.**
- Sufficient lighting in DJ booth. The Honeys need to see to WERK.
- DJ Booth or table must be at least 3 feet high, or waist high for a person 6 feet tall. It should not require bending over excessively. Some tall bitches in this crew!
- Please ASK AGENT if DJs will be bringing vinyl!

BILLING

- **Unless discussed otherwise with agent**, please put below "Honey Soundsystem" which 2-4 members are actually playing on behalf of the crew. This can be written with or without parentheses, in appropriately sized font. For example:

Honey Soundsystem
(Jason Kendig + Bézier)

- Also please mention what two members are playing in the description for the event's website, Facebook page, Ticketmaster link, Resident Advisor page, Grindr profile, etc.

HOSPITALITY

- Two (2) bottles of water **PER DJ** (2-4 members of Honey)
- One (1) bottle of NICE (not well crap) Whiskey or Tequila with cups and ice
- Twelve (12) NICE (not Bud Light, Miller Light) cold beer
- Minimum ten (10) guest spots OR ticket vouchers
- Minimum four (4) drink tickets **PER DJ** (2-4 members)
- Hot meal or \$50 USD buyout - no fast food, pizza, etc. The boys are watching their figures for these sexy speedos:
