

BEESMUNT SOUNDSYSTEM

TECH RIDER

1 x E&S DKR 400 or Alpha Recording system ARS 900,
(if not possible to get these, Rane MP 2015 Rotary Mixer)

2x Pioneer CDJ2000 (linked). Please check the firmware version of the CDJ2000s is up to date.

2x Technics SL1200/1210 mk5 turntables, with isolation.

*preferably with ISONOE isolation feet (please advise if you can provide these), PROPERLY serviced: pitch correctly calibrated, a proper pair of needles, working lights, tonearm clip, tonearm not bent or damaged, tonearm correctly tightened (if loose it rattles, if overtightened it pulls backwards).

2x Monitor speakers at the left and right of the DJs, height must be 1.65m - 1.80m. Monitor volume must be adjustable from dj mixer.

1x Large table behind the DJs with a small lamp and, if sufficient space for cd holders.

Please do not use CO2 cannons / guns during the set of Beesmunt Soundsystem.

SET UP LIKE THIS:

HOSPITALITY RIDER

1x Bottle of Grey Goose vodka

4 x Strawberry juice, Gingerbeer or any other tropical juice :)

1x Banana milkshake for the D

1x Charcuterie if the moment strikes well, some good cheese, to eat together with the promoter as a nice start of this friendship.

1x Vin naturel, option (Bovin) or a cider of good quality, if not possible, a good local wine will do fine.

1x Variables of fruit

6x Water

1 x Fan
